November 10, 2000

### **E-mail Stations Now Available in the University Union**

**CONTACT:**

Jeff Hoffman  
Associate Director for  
Marketing and Programs  
(909) 869-2854

Associated Students, Incorporated (ASI) is pleased to announce a new service for Cal Poly Pomona students. For the convenience of the campus community, e-mail stations have been added in the lobby of the east entrance to the University Union.

Responding to a frequently requested service and an increasing need for convenient and easily accessible student services, ASI placed computers in the Union to make it easier for students to check email between classes, on lunch or study breaks, or on their way across campus. The free service is available for all students, staff and faculty.

During the University Union Improvement Project Phase 2, ASI will continue to add and update new services until the completion of the construction project in 2002. Current services remain uninterrupted during Phase 2. Games Room, Etc., The ASI Box Office, The ASI Business Office, Bronco Copy, the Visitors Center, Stuffed Sub, Round Table Pizza and meeting rooms are still open for business.
