FEE REFERENDUM RESULTS

Associated Students Incorporated (ASI) acknowledges all the students who participated in the election process for the student fee referendum. ASI addressed the funding constraints of student groups by deciding to put this matter in front of the students to make a decision on fee funding. Students who participated in the election process, though not a record, totalled 1842. Out of this total, 1230 students voted no on the proposed fee increase. ASI both will uphold and respect the voice of the students. At this time, there are no plans to initiate another fee referendum. For questions or comments regarding the fee referendum please contact Raul Sabado, Attorney General, at (909) 869-3638 or Chip West, Director of Programming and Marketing, at (909) 869-2848.
